

Dear citizens of Mendon,

This is a friendly reminder that the open burning season for yard waste is over, it ended on October 31st. The burn season for 2026 will open up on March 30th 2026. Mendon Fire and Rescue does not have control over this; it is governed by the state of Utah Division of air quality. Burn permits can be obtained when the open burn season opens back up in the spring.

- Chief Locke, Mendon City Fire Dept.
